James Fisher  
Nuclear

## James Fisher Nuclear to rebrand

6<sup>th</sup> January 2015

---

James Fisher Nuclear will change its logo and move Head Office early in 2015.

James Fisher  
Nuclear

James Fisher Nuclear will change logo from the 2<sup>nd</sup> of March. The change emphasises that James Fisher Nuclear is a significant part of the wider James Fisher Group and follows the rebranding of the Aerospace and NDT trading names.

The rebranding has no effect on the legal status of the company or its trading divisions.

The Golden Hill Centre site at Leyland is now too small for our expanding engineering team, so we will be moving four miles to Gordon House in Bamber Bridge. Gordon House has space for future expansion and for the installation of a state of the art teleconferencing capability which complement the electronic whiteboards already installed at other JFN sites. Expanding teleconferencing is part of the commitment to reducing the environmental impact of operations by reducing travel between sites.

The move will take place over the weekend of the 24<sup>th</sup> and 25<sup>th</sup> of January in order for us to be ready for the start of the working week on the 26<sup>th</sup>. The move will not change the office phone number or e-mail addresses, although there will be a period over the weekend when there is no availability.
